

2018 Summer Programs

Please join us for a variety of summer programs **beginning June 11, 2018** designed to help your child develop new skills and refine current ones. Our goal is to have good old-fashioned FUN while working on current IFSP, IEP, and personal goals. The 'camp' programs are for toddlers, preschoolers and school age children. Special programs focusing on social thinking/executive functioning for older students, as well as individualized programs for ESY and tutoring. Contact us with any questions or to register at 419-841-1840, fax 419-841-1841. You can also complete from your computer and e-mail it to rehabforkids@rehabdynamics.com.

Summer CAMP Program 6 and 8-week classes available

These programs focus on developmental skills including play and social interaction skills using a combination of **Sensory Integration and Floortime** techniques. A major emphasis will be placed on sensory, motor, cognitive and speech and language development during activities designed to be fun, interactive, and challenging. The activities are designed to provide additional practice while addressing goals. Children will be grouped by age and skill levels to ensure appropriate programming. Typically developing peers will also be integrated as appropriate and available. **(A limited number of spots are available for siblings who can attend as peers at reduced rate.)** **Although described as 'camp' specific developmental goals are addressed.** Staff: OT/Speech/Special Educators

***Minnows-** This group is designed for very young children olds who have had limited experience with peers. They may be cautious and hesitant to explore their environment or to separate from their parents or caregivers, and/or interact with peers. Others may have a strong drive to move and have trouble sitting still long enough to focus on books, coloring, or language activities. Activities include a variety of sensorimotor activities to help them learn to move or calm down, to communicate, play and interact. **Very limited size due to high staff: child ratio.**
Staff: OT, Speech, and Special Educators **Times: M W F** **8:30-10:30.**

T Th 8:30-10:30 These sessions will be staffed by a speech pathologist so that in addition to the sensorimotor focus language, communication, and pragmatic/play skills can be emphasized. Activities are designed to address both the ability to understand others and to express oneself. For these sessions, children must be able to sit for short periods of time and attend to activities such as games, circle time, and stories.

****Contact Maureen for special requests or questions regarding minnows or for help determining group.**

***Dolphins-** This group is appropriate for children who can handle being in a small group setting but need to move and explore. It includes a variety of movement and sensory experiences to help with fine, gross and language development, and to help them play, share, cooperate, and communicate with peers and adults. The goal is to find activities that help meet their sensory needs and to facilitate interaction, engagement and appropriate participation. Group size will be limited so personal goals can be addressed.

Preschool and Elementary sections available.

Staff: OT, Special Educators

Times: M T W Th F

6 or 8 wks.

9:00-11:30 am

***Sharks-** This group is appropriate for children who continue to benefit from sensory and motor experiences, but also need a higher level of challenge. It will incorporate many sensorimotor opportunities, but also higher-level cognitive and language skill development. Structured games, imaginative play, fine motor and handwriting practice, gross motor skills, and more reading activities also included. Group size is limited so we can provide as much intensive intervention as possible. **2 xs's per week is recommended due to themes and projects**

Preschool and Elementary sections available.

Staff: OT, Special Educators

Times: M T W Th F

6 or 8 wks.

8:30-11:30 am

***Stingrays** -This group is designed for children who are capable of higher levels of challenges, but also need to focus on essential skills for school success. We will provide more intensive practice with reading and reading comprehension, fine motor skill development including writing, and cooperative or dramatic play. Gross motor activities address skills, but also taking turns, winning and losing. Pragmatic language skills related to making friends and reading social cues will be incorporated. Children must be capable of attending and focusing in a small group without as much sensory support or supervision, and be able to follow multi-step directions to complete numerous creative activities. **2x's week recommended due to themes and projects**

Elementary Age Group

Staff: OT, Special Educators

Times: M T W Th F

6 or 8 wks.

8:30-11:30

8 week session 1x per week= \$ 600.

2x per week=\$1100. 3x per week=\$1650.

4x per week=\$2000. 5x per week=\$2300.

Special Programs

Lunch Bunch- If you are interested in afternoon programs, or therapy services, and want to make sure your child has time to eat and play before this- JOIN US FOR LUNCH! You will need to provide lunch due to the increase in food allergies, but we will help get it ready so they can enjoy it and supervise them while they relax or play with peers before 'getting back to work'.

Staff: Summer Camp Staff Time 11:30-12:30 Cost \$ 10.00 per day

Barracudas--Super Social Thinkers: This group is designed for children who have experience in various social settings, but may struggle with reading social cues and applying social skills with their peers. Group members will work on a variety of activities and projects designed to help them practice these social skills while learning strategies to use at home and school.

* 2x a week recommended due to themes projects

6 or 8 wks.

Staff: OT/Teachers Times: 8:15-11:45

T Th for 9 yrs. and up (Very limited spots)

Time: 8:15-11:45 Minimum 2x per week strongly recommended.

8 week session 1x per week = \$600.

2x per week = \$1100.

6 week session 1x per week = \$450.

2x per week = \$825.

'Good' Sports Groups-Does your child struggle in gym, on the playground, or in local sports-oriented programs? Does he or she need additional help to develop better coordination, timing, and the ability to participate on a team? Is it harder to be a friend, make friends, and to develop skills that help maintain friendships? Children with sensory integration disorders, learning disabilities, Asperger's Disorder, ADHD, or other developmental or neurological conditions can be challenged in many social situations.

These groups are designed to help kids learn to participate in social activities including athletic activities, group games, table top/sit down games and have appropriate conversations with peers. We work with each group to help them collaboratively plan activities, get the necessary materials and then participate in what the group has chosen. A big emphasis is placed on developing appropriate conversational skills by challenging them to ask peers questions, listen to what they say, and then respond appropriately based on what they have learned from their friend. Sharing, waiting your turn, conflict resolution, and problem solving are also addressed.

***Good Sports 1** This class incorporates basic activities and games that involve cooperation, taking turns, following and being a leader, and learning the rules and skills for simple games (ex: tug-of-war, parachute games, jump rope, kick ball, etc.).

Ages 5-9 yrs. Staff OT Class Size Limited *Every other Friday 12:30-2:00**
Dates: June 15 and 29th, July 13 and 27th Cost \$200. for 4 wks.

***Good Sports 2** This class focuses on the refinement of motor and social skills during games, sports, and activities. Kids will be actively involved in setting up activities, deciding who takes what roles, determining teams, etc. Skill development, as well as learning the rules and working with others as part of team, will be emphasized.

Ages 10 and up Staff OT Class Size Limited *Every other Friday 12:30-2:00**
Dates: June 22, July 6, 20 th and Aug 3th Cost \$200. for 4 wks.

*** Shake it Off!** In our newest adaptive movement class children are invited to participate in a fun dance oriented class aimed at encouraging movement and exercise in a fun and unique way. Classes will emphasize simple stretching, timing, coordination and creative expression in a small group. NOTE: Very limited enrollment.

Ages 5-10 yrs. Staff Dance Instructor Class Size Limited
5 one hour sessions- Dates and times to be announced- Please let us know if you are interested as we work on planning for this class that many parents have requested.

Summer School Programs

Individualized Program/ ESY Services: Does your child need an opportunity for more individualized practice to work on IEP goals, individualized help in any one area, or Extended School Year (ESY) services? This is a unique opportunity to have a program customized for your student's needs. RDI has two licensed teachers, as well as OT, PT, and SLP's who are available to design an individualized program. Programs are held at Rehab Dynamics and will focus on the needs identified. This may include reading, writing, social skill development, self-care and ADL's, as well as other academic needs. **Cost based on services needed and hours of service, and will be mutually agreed upon beforehand. PT, OT, Speech and Academic/Reading Tutor all can be included. Please call our office manager to discuss options. Spaces fill up quickly for this program so please contact us ASAP.**

Tutoring Services/Reading Enhancement: RDI has licensed teachers who are very willing to provide individualized tutoring sessions for your child in areas of need. The services are provided at RDI at a time mutually agreed upon in any subject. Our teachers have extensive experience working with children of all ages and ability levels. They will set up individualized programs to meet your child's needs. **Cost: \$25.00/hr. Cost will be mutually agreed upon before beginning services. Please call or email our office manager to discuss options for days and times, or special requests. This may also be part of Extended School Year Programs (ESY).**

REGISTRATION INFORMATION

Please complete the registration form ASAP to ensure a spot in the summer programs, space is limited.

ON-LINE REGISTRATION ALSO AVAILABLE AT rehabdynamics.com.

1. If your child is a current or former client of RDI there is no charge for the screening**. Prior to participation a screening must be completed for all new campers. You will be contacted to schedule this after registration is completed and a \$35.00 screening fee is required at that time.
2. In the event of insufficient registration, RDI reserves the right to cancel or reschedule a class. Many classes fill quickly so register early. If classes fill early additional ones **MAY** be added if there is interest.
3. Contact us for information on discounts available if registering for more than one class, or for siblings.
4. If a holiday falls on a class day (i.e. 4th July), or the therapist is ill, the class will be re-scheduled.
5. If your child requires 1:1 assistance to participate in a group we can help make this possible. Just let us know ahead of time. There is an additional fee of \$11.00 to cover the cost of hiring an additional person.
6. FULL PAYMENT REQUIRED ONE WEEK BEFORE CLASSES BEGIN.NO REFUNDS AFTER THE 1ST CLASS.
